MEMORANDUM FOR: Chief of Staff, U. S. Air Force

SUBJECT: Appreciation

1. For the past several years the Air Weather Service, both in this country and abroad, has provided this Agency with extremely valuable operational support.

2. This support, much of which has been provided on an emergency basis, and has, we understand, thereby taxed the capabilities of the Service, has included many long range meteorological studies and forecasts. Security limitations preclude giving more detail concerning the support.

3. We wish to express our sincere appreciation for this support and for the cooperation and willingness which the Air Weather Service has always displayed in satisfying our requirements.

SIGNED

C. F. Cabell
Lieutenant General, USAF
Deputy Director
